Lovells Home Extension Group met at the down river home of Mrs. Harold Johnson on September 29th with eight members and guests.

The first part of the day's activities was stowing away the delicious dinner, served by Mesdames Johnson, Bates and Dorris. After setting settled comfortably for our stomachs sake we were called to order by Mrs. Johnson.

Mrs. Johnson gave a very interesting talk on her trip to Lansing, last July which all seemed to enjoy.

Our next meeting to be held at home of Mrs. Pat Harwood on October 13th, will plan for Rally Day held in Gaylord, October 18.

Will look for a good turnout even though all you gals are busy with hunters. Mrs. Bill Koernke and Mrs. Bill Spaulding will assist Mrs. Harwood with lunch.

Meeting adjourned at four o'clock as each member thanked their lovely hostess for a pleasant day and for the Chinese lanterns given to them by her to add color to their winter bouquets. Harriet G. Steckling, reporter

The car not only smashes through the fire wall but has been rolled over with Barse Cross driving. The car was used on five different occasions for the two stunts and is reported still able to move under its own power.

State Republicans Juggle Candidates To Face Governor Williams In 1956

REPUBLICANS ARE HOPEFULLY JUGGLING four candidates for governor, convinced whichever gets the nod will have to go against Gov. Williams. Plans State Chairman John Feikens who said both Gov. Williams and President Eisenhower will run in 1956, may be changed if the president announces his intention not to run.

The illness of the president will have a bearing on his availability for a second term. But Democrats are looking for Gov. Williams to try for a fifth term, regardless of the national situation. Williams is in the habit of breaking precedent. He won his first term in 1948 in a nominally Republican stronghold and his popularity with the voters is still at a high pitch.

Because of an early primary in Michigan, Williams will have to cast off from hopes for a fifth term if he wants to go for a spot on the national Democratic ticket. "Most governors can go into the convention and keep a grip on the job back home," said one top Michigan Democrat. "If Soapy wants to try it, he has to abandon Michigan."

Republicans have one question now: Who can beat Williams? Separate groups have rallied support for the nomination behind Mayor Cobo, of Detroit; Congressman Ford, of Grand Rapids; Congressman Bentley, of Owosso; and Dr. John A. Hannah, president of Michigan State University.

The two congressmen appear to be most eager for the nomination, with qualifications. Rep. Ford's condition is that he could be the candidate with full party support, a rare circumstance in the light of past Republican primary battles and the existing four-man situation. He is personable, 41, and available. Party regulars, however, feel he hasn't spent enough time in Michigan.

Rep. Bentley also is popular and carries an appeal to the conservative branch of the party—figuring it has been neglected in the campaign to outdo Williams and the liberals.

Mayor Cobo is reluctant to get into the melee. In the past, he has been a willing candidate in non-partisan Detroit city politics when he had the odds.

Cobo said he would like to see a good, strong, willing candidate appear on the scene so he could forget the boom that has been created for his own candidacy.

His main drawback is his relatively small area of operation. In Detroit, he is known as a top administrator, a planner. "There are a lot of people in outstate Michigan who don't know me from a bale of hay," he said.

Republican legislators who launched the trial balloon for Cobo, figure he could cut into Williams' Detroit vote. They also predict that outstate areas, as usual, will go Republican.

But Democrats, with a "state farm program" in the making, are going after outstate votes, too.

Dr. Hannah carries the idea of a close association with President Eisenhower, having been assistant secretary of defense for manpower.

His potential candidacy has been launched by a group of

"Young Turks" from the legislature.

It happened at a Sunday afternoon picnic at the home of Rep. George Sallade (R-Ann Arbor) and the news stirred political thinkers.

Dr. Hannah immediately refused the bid of the Young Turks, stating that he could better serve Michigan as the president of a great university.

Republicans backing him, still insist he could be drafted to go against a Democratic candidate for governor. He has built the university into a powerful force in the state.

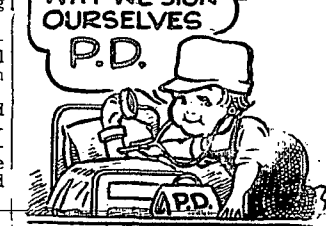

Republicans are making history with their activity during an off year. Democrats have campaigned the year around since 1948.

Williams' weekly schedule is as strenuous as any campaign. Wherever he stops, he shakes hands with everybody in sight and spreads the word. People like him. Whoever the Republicans pick will have to outdo the governor, who already is about 5 million ahead of the game.

Republicans are counting on the latest merger of the national state ballots to give them the pull of Eisenhower at the top to elect a governor halfway down. The President's illness may make a difference, but that's the way the tune is going now, eight to the bar.

Trade And World Understanding...

Beginning October 1st, a world food fair opened at Cologne, Germany. There are a number of U. S. exhibits the first to be officially sponsored at any foreign event of this kind.

The American Meat Institute, representing the meat dealers, shipped a comprehensive exhibit to Cologne. It was prepared under the auspices of the Department of Agriculture, and its purpose is to help develop broad foreign markets for American meat products. It emphasizes quality, sanitation, ease of preparation and other attractions. Still and motion pictures will be used, with the wording in German. Various kinds of products for which there is a known demand in Europe — such as lard and variety meats — will be shown in a number of attractive and novel ways. A department of Agriculture official will be in charge of the U. S. exhibit, while Institute men will be present to make sure that all of the products are shown to their best advantage and that the mechanical devices are maintained in first-class running order.

Undertakings such as this are eminently worthwhile. We are, it is to be hoped, at last moving toward an era in which "trade, not aid" will be the guiding philosophy. And stimulated trade is one of the foundations in which better understanding between nations can be built. The meat industry's exhibit at Cologne, along with exhibits from other agricultural industries, represents good business — and wise international policy is well.

Imagination Is A Personal Quality...

Dorothy Thompson recently wrote: "Maybe an all-embracing state planning system can achieve as much as thousands of individuals planning at their own risk, but I don't believe it. The trouble with all-embracing state plans is that nobody can do anything that isn't in them, and bureaucrats dare not take long risks."

Miss Thompson then described "a merchandising adventure" which began 46 years ago. The merchant had ideas which "at the time looked plain crazy." But he went ahead, despite the crepehangers, and the result was an enormous success. What it took, Miss Thompson continued, was "imagination, which is a personal

quality. It never would have been initiated, nor could it have been carried through, by a committee of commissioners."

Miss Thompson's selection of merchandising innovations as an example of individual enterprise and imagination is an appropriate one. American retailing has long been a leader in trying out ideas. When the chains came into being with their then-revolutionary plan of cutting unit profits to the bone in order to build a big volume of business, there were skeptics on every corner who said failure was inevitable. Today a very large segment of retailing, including the independents as well as the chains, follows the plan as a matter of course, and enormous benefits have come to all concerned — especially consumers.

"These are fruits of individual ambition, enterprise and imagination — in a free competitive system which encourages those qualities. It never has happened and never could happen in a system where the state makes the decision and does the bossing."

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

October 13, 1932

Miss Helen Webb Clippert was a guest of the Fortnightly Club of Lansing at its first meeting of the year, at the home of Mrs. E. Olds, Friday afternoon. Mrs. Clippert sang a group of her own selection and a program of songs to illustrate "The American Songbook" by Carl Sandburg, which was the topic of the day. She has a rich coloratura soprano voice and her rendition and interpretation brought a round of hearty applause as well as many flattering compliments from the eighty or so present. Mrs. Clippert, at one time lived in Lansing where she was a member of the Matinee Musical and was soloist at the First Presbyterian and First Baptist churches; so that her voice was well known to many of the ladies in attendance. Mrs. Charles Bliss, leader for the afternoon, explained the origin of the "Songbook" and spoke of the tremendous task Sandburg had in collecting almost 300 folk tunes of America, many of which had never been set to musical notation before. A few of the ones sung by Mrs. Clippert were "Boll Weevil," "When I Was a Bachelor," and "Wizard Oil," from "Minstrel Songs."

The City restaurant owned and operated by George A. Collen was destroyed by fire Monday morning, giving Grayling people a bad scare, being located in one of Grayling's best business blocks. The fire was caused by the explosion of a gasoline stove used for cooking and occurred at about 7:30 o'clock. The explosion caused sparks to be thrown through the roof and the fire quickly ignited wherever they landed. It was a bad situation for a few minutes, but an alarm of fire was quickly sounded and the firemen and apparatus were soon on the scene and worked heroically to save the building and adjoining ones. There had been a heavy rain in the night and a drizzling rain was still falling and this was in their favor so that adjoining

buildings were undamaged. They confined the flames however to the inside and before 9:00 o'clock left the scene of the fire having made quick work of getting it under control and out.

A new Hi-Speed Service station has just been finished and is now in operation at the site formerly occupied for over forty years by the McClain Hotel, on the corner of Cedar and Ottawa Streets. This is owned by the Hickok Oil Corp. of Toledo, Ohio, and is leased by Leo Schram, who will operate it. The structure was built at a cost of about \$5,000 and is a decided improvement to the appearance of the corner and of the main thoroughfare of Grayling. It is claimed to be the latest type of auto service station in structure and equipment.

It was in July that the bet was made but Brownell will have goose pimples aplenty if the weather on Nov. 16 is anything like it has been for the past couple of days. IN CHANCERY — At a special session of said Court held at the Court House in the City of Grayling, County of Crawford, 34th Judicial Circuit, this eleventh day of October, 1955.

Present: Hon. John C. Shaffer, Circuit Judge.

On reading and filing the petition of Bay Trust Company, as assignee for the benefit of creditors of Marius Hanson, doing business as the Bank of Grayling, and the waiver of notice and consent of the Creditors Committee endorsed thereon, in which petitioner prays that the remaining assets of the above named assignor be sold at public auction in the manner and form provided by statute for conducting judicial sales or as may be ordered by this Court, and it appearing that the liquidation and disposal of the remaining assets, and the subsequent distribution of the proceeds realized, and the discharge of the assignee from its duties as such, is desirable and would be for the best interests of the beneficiaries of the aforesaid assignment, and that the relief prayed for should therefore be granted.

On motion of Clark & Henry, attorneys for Petitioner, and IS ORDERED that the assets of the above named assignor still remaining in the hands of said assignee, as listed and set forth in Schedule A attached to said petition, be sold by petitioner or its duly authorized agent, in gross or in such parcels as may, in the opinion of the assignee, seem expedient, at public auction to the highest bidder, subject only to the confirmation of this Court, which shall be made by an "Order of Court" which may be entered, unless good cause to the contrary be shown, within eight days after the filing of the assignee's report of sale and the service of a copy thereof on the members of the Creditors Committee heretofore appointed in this cause; that the sale shall be held at the front door of the Court House in the City of Grayling, that being the place where the Circuit Court for the County of Crawford is held; at ten o'clock in the forenoon on Thursday the 1st day of December, 1955, and that notice of the time and place of holding said sale and a description of the property to be sold be given by the petitioner, together with a copy of said Schedule A, in a newspaper published and circulated in said county, once each week for six successive weeks, and that a printed copy of said order and schedule be posted in three public places in the City of Grayling, that being the place such sale is to be held, and in three public places in the City or Township where any real estate or interests in real estate that are to be sold are located; if such location is in a different township or city than the aforesaid place of sale.

IT IS FURTHER ORDERED that from all of the lands on hand

of said assignor, petitioner pay and discharge any unpaid expenses of administration, and the balance of said funds be distributed as a final dividend, on all claims against said assignor, that have not been fully paid and discharged, and that, in order to the effect that the liquidation has been completed in this proceeding, and that the accompanying remittance is the "final dividend" shall be sent to each recipient.

IT IS FURTHER ORDERED that petitioner assignee, as aforesaid, upon completion of the disbursement of funds, as aforesaid, file its final account to be settled with its petition for the approval and allowance thereof, and its discharge from its duties as such assignee.

Granger-Teske Wed In Candle Light Service

Bouquets of flowers and gleaming candelabra decorated the altar of Calvary Lutheran Church in Lincoln Park, Saturday evening, September 24th as Ruth Elaine Teske and Leonard Granger exchanged vows and rings before the Rev. Eugene Beyer.

Parents of the bride are the Erwin Teskes of 1409 Mark, Lincoln Park, and Leonard is the son of Mr. and Mrs. William Granger of Grayling.

A gown of bengaline faille styled with simple lines was the bride's choice for the late ceremony. A scoop neckline was edged with lace, and a ballerina-length skirt flared from an elongated waistline. Short sleeves were cut into the fitted bodice.

Ruth's veil of fingertip length fell from a headband of lace and seed pearls and she carried a bouquet of white roses as she was given in marriage by her father.

Mrs. Earl Williams, matron of honor, chose a gown of mauve faille designed similarly to the bride's. A pearl band crossed her head, and she carried an arrangement of purple asters.

Leon Granger was his brother's best man. Friends and relatives gathered in the home of the bride's parents during a reception following the ceremony. When the newlyweds return from a week's stay at Teske cottage near Pontiac, they will reside on Washington street in Lincoln Park.
